Education

B.com (Commerce),
SRM University
08/2014 – 05/2017
Chennai, India
I have successfully completed my Bachelor of Commerce (B.Com ☐) degree, graduating with an A grade. This achievement reflects my strong academic performance and dedication throughout the program.

Profile

Detail-oriented and analytical professional with over 6 years of experience in accounting, now transitioning into automation testing. Completed a Python Automation Testing course from GUVI and developed hands-on project experience with test case development, scripting, and test automation. Adept at identifying patterns, solving problems, and ensuring accuracy—skills essential to QA roles. Eager to contribute to agile teams and grow as an automation tester or developer.

Professional Experience

Accountant, *Audit Firm*
12/2017 – 05/2024 | Chennai, India

- Managed financial records, reconciliations, and reporting with 100% accuracy
- Automated Excel workflows to reduce manual processing by 30%
- Collaborated with internal teams to streamline audit and tax compliance
- Developed analytical reports for senior leadership, improving decision-making

Courses

Python Automation Testing Course, *Guvi*
09/2024 – 04/2025 | Chennai, India

- Topics: Python basics, Selenium automation, test case writing, PyTest framework
- Tools used: Selenium WebDriver, Python, VS Code
- Final project: Built and executed an end-to-end automation script for login and form validation

Projects

Automation Testing Project – Course Final Project
03/2024 – 04/2025

- Automated login and form submission for a sample web application
- Used Selenium WebDriver to locate elements and perform actions
- Implemented assertions to validate test results
- Maintained test scripts and debugged failures

Internship

Java Internship, *Kaashiv Infotech*
10/2024 – 11/2025 | Chennai, India
I completed a one-month Java internship, gaining
hands-on experience with core Java concepts like
OOP, classes, and methods. I worked on real projects,
enhancing my coding and problem-solving skills
while collaborating with a team. This experience gave
me valuable insight into software development and
industry practices, preparing me for a career in Java
programming.

Declaration

I hereby declare that the information provided above
